A Word of Warning. There is nothing more despicable than stealing the reputation of a reliable article to impose upon a community an inferior and worthless one, and yet it is often done. Fif-teen years ago Heimstreet & Co. introduced a Hair Restorative, under the name of "Inimitable Hair Coloring." Its wonderful restorative properties made it immensely popular, and grey and bald heads were like to become a thing of the past, when the country was flooded with imitations, the use of which was not only useless but absolutely injurious. The original preparation is a scientific combination, made with oil and stimulating spirits, affording an agreeable hair wash, while all the imitations are made with water, making the hair harsh, dry and frizzy, requiring, after it dries, the use of oil or wash to make it look decently. We would therefore advise our readers to buy nothing but the original Inimitable Hair Coloring or Restorative, which is reliable. Troy Whig. Price fifty cents and one dollar a bottle. REVIEW OF THE WILMINGTON MARKET, FOR THE WERK ENDING DECEMBER 19TH, 1860.

TURPENTINE-There has been a better feeling in the market for this article since our last, and as may be seen by reference to our table of sales below, prices up to Friday advanced 15 cents on yellow dip, and 10 cents on hard over former quotations-sales being made on that day at \$1.75 for yellow dip, \$1.40 for virgin, and 90 cents for new hard, per 2:0 lbs. There is at present a moderate enquiry from both shippers and distillers, and the market closes firm at above prices. The quantity received for the week just ended has been small, and the sales foot up only 1895 bbls. as follows:

H. CURTIS, well with some demand at these figures from buyers, and with more firmness in the market. The quantity arriving is very small, and the stock in receivers hands has become pretty much worked off. No. 2 is dull and nominal at 90 to 95 cents. For Common the demand during the week has been better, but the market has ruled dull-closing at a decline of 5 a 10 cts on former quotation. Sales as follows; Monday, 250 bbls. at 80 cents for tale bbls., and 8,000 do. at 80 cents per 310 lbs.; and Tuesday, 4,450 do. at 75 cents per 310 lbs. TAR .- The receipts during the past week have been rather small, and with a moderate demand, the market has ruled steady. We quote sales of 985 bbls. at \$1 50 per bbl.

BEEF CATTLE-No beeves of consequence coming in, and the market is at present only moderately supplied. There is a fair demand for butchering purposes, and a prime article finds ready sale. We quote at 5 to 61 cents per lb., as in quality. BARRELS-In the market for empty Spirits Turpentin barrels we have no alteration to report. The stock of all descriptions continues unusually heavy, and there is no de

mand worthy of note. We quote nominally at \$1 to \$1 50 for country make second hand ones, and \$1 85 to \$1 90 for N. Y. make. COTTON-The advices by the late steamers from Europe have imparted rather more firmness to the market, and in the early part of the week prices advanced a cent on all grades. Since Thursday last there has been a fair demand

from buyers, and about all offered on market has found sales at quotations below. Receivers generally are unwilling to accept present rates, and are holding for higher figures, and in consequence the sales for the week have been light, com-

FLOUR.—The market for State brands continues to rule quiet, and we have no alteration to report in prices ;-buyers are anticipating a decline in price, and therefore purchase only in quantities sufficient for immediate wants. The arrivals by railroad have been rather better, and the stock in first hands is accumulating. We quote small sales for the week at \$7 75 for superfine, and \$8 per bbl. for family.

Guano.-Continues in moderate stock, and we notice only a small business doing at the following prices: No. 1 Peruvian \$60; Reese's Manipulated \$52; American \$40; and Sombrero \$35 per ton, in lots of one ton and upwards. We quote Superphosphate of Lime at \$50, and Land Plaster GEAIN-For CORN the market rules about the same as reported in our last review. There is only a light demand at present, and we notice a heavy supply on market. One car-

go of 2000 bushel n w Hyde county, was received on Monday last, and sold at 55 cents per bushel, cash.——OATS—Continue in fair supply, and only a limited demand exists. No late receipts or sales, and consequently we are unable to give a correct quotation of the market.——PEAS—Are brought in sparingly, and the market is poorly supplied.— There is a fair demand for Cow, and parcels find ready sale at 80 to 85 cents per bushel, as in quality. - RICE-We have nothing new to report in the market for clean. The stock in first hands is moderate, and we notice only small sales at 41 cents in tierces, and 4 1-2 cents per lb. in barrels. HAY-There is merely a retail business doing in this article, and there is a fair stock on market. Two or three parcels of Northern have been received for the week, and gone

LIME-Is in fair demand, and there is only a small stock in dealers hands. A cargo of 1,018 casks was received, and is selling from wharf and store at 90 cents to \$1 per cask, in quantities to suit. selling from wharf at 23 to 25 cents per gallon, as in quanti-PROVISIONS-For North Carolina cured Bacon there continues to be a fair demand for retailing purposes, and our quotations are easily obtained for parceis upon arrival. Two small lots (about 1500 lbs.) have been received for the week, and sold at 13 cents for sides, and 15 cents per lb. for hams; none in first hands, and the above small lot comprises nearly all on market. In Western cured we have nothing of consequence to report; little or none arriving, and the stock in store has become nearly worked off. Some holders have advanced their rates, and we now quote at 101 to 114 cents for shoulders, and 12 to 12 1-2 cents for sides. -LARD -Both N. C. and Western make is in light stock, and there is only a small business doing at quotations in table .- - PORK-The stock of Northern has become materially reduced in the absence of receipts worthy of note, and is barely sufficient for the demand We refer to our table for store quotations. Fresh sells from carts at 7 1-2

o 8 1-2 cents per lb. POTATOES-Are in fair stock, and dull of sale. Irish are selling in the small way at \$1 75 to \$2 per bbl , and sweet at 50 to 60 cents per bushel. PEA NUTS-Since our last review the demand from dealers has been rather light, and in consequence the market has ruled quiet at prices a shade lower-only a prime article bringing our highest figures. We quote sales for the week of some 3,000 bushels at \$1, \$1 05, \$1 10, \$1 15, \$1 25 to \$1

Hair Restorative will restore the bald and gray, and preserve the hair of the youth to old age, in all its youthful Battle Creek, Mich., Dec. 21st, 1858. Prof. Wood: Thee wilt please accept a line to inform foot up 49,000 bales. The market opened at id. decline, owing to the American panic, but closed with rather more inquiry, which was freely met. To-day (Friday) the sales with an eruption on the head. A continual course of suffering through life having reduced me to a state of dependence. This induced me to pay Briggs & Hodges almost the last cent I had on earth for a two dollar bottle of thy Hair Restorative about the first of August last. I have faithfully followed the directions and the bald spot is now covered with hair thick and black. > SUSANNAH KIRBY. Thy friend, SUSANNAH KIRBY. Ligonier, Noble Co., Indiana, Feb. 5th, 1859. PROF. O. J. WOOD: Dear Sir :- In the latter part of the known to me, commenced falling off very rapidly, so that in the short space of six months, the whole upper part of my scalp was almost entirely bereft of its covering, and much of the remaining portion upon the side and back part of my head shortly after became gray, so that you will not be surprised when I tell you that upon my return to the State of Indiana, my more casual acquaintances were not so much at a loss to discover the cause of the change in my

appearance, as my more intimate acquaintances were to recognise me at all. I at once made application to the most skillful physicians in the country, but, receiving no assurance from them that my hair could again be restored, I was forced to become reconciled to my fate, until, fortunately, in the latter part of the year 1857, your Restorative was recommended to me by a druggist, as being the most reliable Hair Restorative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time, I have used seven dollars' worth of your Restorative. and as a result, have a rich coat of very soft black hair.

which no money can buy.

As a mark of my gratitude for your labor and skill in the production of so wonderful an article, I have recommended its use to many of my friends and acquaintances, who, I am happy to inform you, are using it with like effect. Very respectfully, yours,

Attorney and Counsellor at Law. Depot, 444 Broadway, and sold by all dealers throughout the world. The Restorative is put up in bottles of three sizes, vis: large, medium, and small; the small holds a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for \$3 a bottle.
